Sunday & Monday September 13 & 14 • Liberation of the Soul from the Cycles of Samskara: *Pranayama, Philosophy & Asana* \$125 **10:00AM-2:00PM both days**

Samskaras are habit patterns of the unconscious mind that can control our lives. When we live our lives unaware of our samskaras, they cause us to repeat certain thought and behavior patterns. These old patterns keep us stuck by replaying the past. Our growth in yoga is accelerated when we discover these old patterns and learn from them. Our two day workshop will focus on using yoga philosophy, pranayama and asana to recognize our samskaras and create a new way of being in order to build a life that is no longer based on the repetitions of the past. Suggested reading in preparation for this workshop: *Yoga Sutras of Patanjali*, Second Chapter 2.12 through 2.16
